Subject: Deep Geologic Repository Public Hearing Information - RESPONSE REQUIRED

Importance: High

Good Afternoon. Please ensure that a response to this message is delivered to: opg-dgr@cnsccsn.gc.ca and cc: dgr.review@ceaa-acee.gc.ca at your earliest convenience and in advance of COB August 30, 2013.

In the attached document, you will see the hearing sessions/dates where the Joint Review Panel requires your department to make a presentation at the hearing. The Panel expects the primary presenter to appear at the hearing in person unless there are extenuating circumstances that make this very difficult or impossible. You may connect subject matter experts or resource persons by phone to the hearing if it is impractical for them to appear in person.

For sessions/dates where your ministry is required to be available, the Panel expects that a representative will attend the hearing in person or will follow the live Webcast of the proceedings and be prepared and available by phone to answer any questions from the Panel that may arise.

Note that the Panel intends to release a notice early in September that will include the revised hearing schedule with session times and the order of presenters along with additional details of the hearing logistics.

Please provide or confirm the following information for each hearing presentation

Below are the hearing sessions/dates for each federal participant where a representative is expected to either make a presentation or be otherwise available. Please note that the schedule is subject to change in advance of or at the hearing.

The Panel expects the primary presenter to appear at the hearing in person unless there are extenuating circumstances that make this very difficult or impossible. Additional subject matter experts or resource persons may be connected by phone if it is impractical for them to appear in person. Note that the time allotted for the presentation is the expected maximum length.

Where a department is required to be available, the Panel expects that a representative will attend the hearing in person or will follow the live Webcast of the proceedings and be prepared and available by phone to answer any questions from the Panel that may arise.
