

CFIA AIRS Registration Types

(Modified: January 17, 2020)

AIRS Registration

Automated Import Reference System (AIRS) Registration must be submitted in the commodity details section of the declaration as per the rules in the Canada Border Services Agency (CBSA) Electronic Commerce Client Requirements Document (ECCRD), the CFIA appendix, and AIRS.

Materialized LPCO

AIRS Registration Types are identified as a materialized Licence, Permit, Certificate, and Other document(s) (LPCO) must be submitted **with** a document attachment. This must be submitted in the LPCO section of an Integrated Import Declaration (IID) as per the rules in the CBSA ECCRD, Document Image Functionality (DIF) Requirements Document, CFIA Appendix and AIRS.

De-materialized LPCO

AIRS Registration Types are identified as a de-materialized LPCO must be submitted **without** a document attachment. This must be submitted in the LPCO section of an IID declaration as per the rules in the CBSA ECCRD, DIF Requirements Document, and the CFIA Appendix.
