

BRING IN A NEW MEMBER....

WIN A COMPLIMENTARY 2013-2014 MEMBERSHIP!

Membership has its benefits. The CHICA-Canada website (www.chica.org) has so much information on the benefits of being a member: the Member and Source Guide for finding other CHICA-Canada members; links to Infection Control sites; audit tools...the list is extensive.

Tell another Infection Prevention and Control Professional (ICP) about the benefits of joining our national organization. If that person joins CHICA by May 1, 2013, both you and the new CHICA-Canada member will be eligible to **win a complimentary 2013-2014 membership** (value \$195).

You are eligible for the draw with every new CHICA-Canada member that you get to sign up. If the winning members have already paid their 2013-2014 membership prior to the draw date, a refund will be made to the person or the institution which paid the fee.

Send in this form, along with the new member's membership application form, no later than May 1, 2013. An announcement of the winners of this offer will be made at the 2013 conference.
