These forest resource processing facilities are currently licensed to use the Ontario Wood logo. The primary goal of Ontario Wood is to support Ontario's wood industry by increasing demand for locally produced wood products. To find out more please visit the Ontario Wood website at [ontario.ca/wood](http://ontario.ca/wood)

Facilities listed include mills that are licensed and operating, or require a licence to operate in the current fiscal year from April 1, 2019 to March 31, 2020. Facility licences are required for all facilities that consume forest resources and utilize 1,000 cubic metres or more in one year.
