
PART II
REGULATIONS

EC2015-415

PUBLIC HEALTH ACT
IMMUNIZATION REGULATIONS
AMENDMENT

(Approved by His Honour the Lieutenant Governor in Council dated June 30, 2015.)

Pursuant to section 72 of the *Public Health Act* R.S.P.E.I. 1988, Cap. P-30.1, Council made the following regulations:

1. (1) Subsection 2(1) of the *Public Health Act* Immunization Regulations (EC529/14) is amended in the words immediately preceding clause (a) by the addition of the words “other than an influenza vaccine” after the words “administers a vaccine”.

(2) Section 2 of the regulations is amended by the addition of the following after subsection (1):

(1.1) A medical practitioner, nurse practitioner or nurse, or a pharmacist registered in Part A of the pharmacists register under the Pharmacist and Pharmacy Technician Profession Regulations under the *Regulated Health Professions Act*, who administers an influenza vaccine to a patient shall report to the Chief Public Health Officer the following information in respect of each influenza vaccination:

- (a) the age of the patient, stated, if the patient is less than 2 years old, in months;
- (b) the sex of the patient;
- (c) the postal code used by the patient or, if the patient is a child, the postal code used by the parent or other person with whom the child normally resides.

(3) Subsection 2(2) of the regulations is amended by the addition of the words “and (1.1)” after the words “subsections (1)”.

2. (1) Subsection 3(1) of the regulations is amended in the words immediately preceding clause (a) by the deletion of the words “subsection 2(1)” and the substitution of the words “subsections 2(1) and (1.1)”.

(2) Subsection 3(2) of the regulations is amended by the deletion of the words “subsection (1)” and the substitution of the words “subsections 2(1) and (1.1)”.

3. These regulations come into force on July 11, 2015.

EXPLANATORY NOTES

SECTION 1 amends section 2 of the regulations to clarify that the administration of a vaccine to be reported under subsection 2(1) is the administration of a vaccine other than an influenza vaccine, and to add a new subsection 2(1.1) to specify the reporting requirements with respect to the administration of an influenza vaccine.

SECTION 2 amends section 3 of the regulations to refer to the new subsection 2(1.1) where necessary.

SECTION 3 provides for the commencement of the regulations.

Screens required	(3) An operator shall ensure that exterior doors and windows of all buildings in the recreational camp are screened.
Air space	7. (1) An operator shall ensure that there is a minimum of three hundred cubic feet (8.495 cubic metres) of air space provided for each occupant in sleeping rooms.
Separate bed	(2) An operator shall ensure that there is a separate bed or bunk for each occupant.
Clear space	(3) An operator shall ensure that there is at least three feet (.91 metre) of clear space between beds or bunks.
Approval by Minister	8. (1) With respect to the construction or renovation of an area of a recreational camp that is not a food premises as defined in the Food Premises Regulations (EC616/14) under the Act, the operator shall submit a construction plan and specifications that meet the requirements of these regulations and all other applicable legislation to the Minister and obtain the Minister's approval prior to the commencement of the construction or renovation.
Approval by public health official	(2) With respect to the construction or renovation of the food premises in a recreational camp, the operator shall submit a construction plan and specifications that meet the requirements of the Food Premises Regulations (EC616/14) under the Act, these regulations and all other applicable legislation to a public health official and obtain the public health official's approval prior to the commencement of the construction or renovation.
Register	9. (1) Every operator shall establish and maintain a register which contains the name and permanent address of each guest, together with the guest's dates of arrival at and departure from the recreational camp.
Inspection	(2) The register shall be open to inspection by a public health official.
Revocation	10. The <i>Public Health Act</i> Summer Trailer Court, Tenting and Camp Areas Regulations (EC167/69) are revoked.
Commencement	11. These regulations come into force on July 11, 2015.

EXPLANATORY NOTES

SECTION 1 sets out definitions for the purposes of the regulations.

SECTION 2 requires an operator of a recreational camp to ensure that waste from the camp is stored in adequate covered, fly-tight and watertight containers, and to remove and dispose of the waste in compliance with the *Environmental Protection Act* R.S.P.E.I. 1988, Cap. E-9, and the Waste Resource Management Regulations.

SECTION 3 requires an operator to provide an adequate supply of hot and cold potable water and a waste water system that is in compliance with the requirements of the *Environmental Protection Act* and the Sewage Disposal Systems Regulations.

SECTION 4 requires an operator to provide a minimum of one toilet for twenty-four persons of each sex and, where there is more than one toilet, to provide a partition between the toilets for privacy. The operator must ensure that toilet tissue is provided and that toilet facilities are maintained in a sanitary condition. The operator is also required to provide at least one wash basin, with hot and cold running water and single-use soap and disposable towels, for every two toilets, with a minimum of one wash basin for each sex. The toilets must be located in a building with impervious flooring, screened windows and exterior doors.

SECTION 5 requires an operator to ensure that floors of permanent buildings used for living, sleeping, kitchen or dining areas are built at least twelve inches above the ground, if not built on solid concrete or rodent-proof foundations. Floors, if not built of concrete, must be constructed of impervious materials.

SECTION 6 requires an operator to ensure that living, sleeping, kitchen and dining areas have one or more windows or screened openings to provide air movement. The aggregate area of windows or screened openings must be not less than one-tenth of the floor area. All exterior doors and windows must be screened.

SECTION 7 requires an operator to ensure that at least three hundred cubic feet (8.495 cubic metres) of air space is provided for each occupant in sleeping rooms, and that there is a separate bed or bunk for each person with at least three feet (.91 metre) of clear space between beds or bunks.

SECTION 8 requires an operator to obtain the Minister's approval, with respect to the area of a recreational camp that is not a food premises, and the approval of a public health official, with respect to the area that is a food premises, of the construction plan and specifications prior to commencing the construction or renovation.

SECTION 9 requires an operator to establish and maintain a register of names and addresses of guests and their dates of arrival and departure, and to make the register available for inspection by a public health official.

SECTION 10 revokes the *Public Health Act* Summer trailer Court, Tenting and Camp Areas Regulations (EC167/69).

SECTION 11 provides for the commencement of the regulations.
